

ALEX KAPO TESTIMONIALS

Donald Ainslie:

The Alex Kapo Trio helped to make our wedding into the special occasion we wanted. Alex was very easy to work with in setting things up, and even was open to me rewriting the lyrics to a song I wanted her to perform. My friends and family remarked on how much they enjoyed the music at our event.

Jackie (A City of Toronto Event Coordinator):

You and your team put on a great performance for our attendees and everyone had a good time. We really appreciate the hard work you have done to make our event a success! Please extend my appreciation to your team. Thank you again and I look forward to working with you again soon!

Chris Macpherson:

Whenever I see them [The Alex Kapo Quintet] play, I find it hard to sit still in my seat. You can tell they love what they do and their energy is infectious! A fantastic band.

Ryan McKenna:

The Alex Kapo Quintet are a fantastic group of talented musicians. I've seen them play on more than one occasion, and every time, they somehow leave me more amazed than the last. The only thing that may top their astounding speed and rhythm, is the chemistry they have together on stage. To oversell this group is impossible.
